RESTRICTED CIRCULATION
JUNE 2017
VOL 06: 2017

message from managing director.

In the month of June we have joined in the celebrations of Gawai Dayak (Sarawak) and Kaamatan (Sabah) and in July will be the Hari Raya Aidilfitri. These joyous festive occasions play a very important part in strengthening the bonds of love in the family and fostering closer ties among friends. Malaysia is made up of people of various races, cultures and religious beliefs and the festive celebrations have gone a long way in contributing greatly to the unity, peace and harmony in our country.

It is hoped that all Chemsain members do have a great time during various festive occasions but at the same time able to wisely manage their expenses. As we know, the economic situation is still not favourable and cost of living has steadily gone up, so we have to make sure that we spend according to our means.

The effect of economic downturn is quite bad as most companies are working on cutting cost, this means that for us to be competitive, we have to reduce our prices though operating at a higher cost. In order to survive in this very difficult economic environment we have to be very prudent in the operation and management of our business. In fact, some companies have got into great difficulties in facing these tough challenges that they are forced either to close down or cut staff and other operation cost in order to be able to continue on their business.

As for Chemsain, we have gone through very tough challenges in the many years of our existence and thank God with strong faith and loyal support of our dedicated members, the Company flag is still flying with all the blessings.

EPF MOBILE TEAM

Date: 12 April 2017 | Venue: Liwagu Room, Lvel 3, Room 2

By Kiw Yih Min

After the beneficial EPF talk in March, the EPF Mobile team Kota Kinabalu, led by En. Harun arranged their services to all staff in KK to register for the i-Akaun and nomination.

The process was simplified for our staff who wanted to register on the i-Akaun and their nomination. All they required was a copy of their MyKad. Staff could register and obtain the activation code on the spot by filling up the form prepared by the Mobile team. The i-Akaun service will allow the staff to check on EPF statements, withdrawal application status and history, eligible amount for withdrawals, savings and investments and update profile.

Staff waiting for their turns to register

Registration of i-akaun

En Harun, from the Mobile Team

Nomination form fill ups

On top of that, staff also can name on their family member(s) as a nominee/administrator to receive/administer their EPF savings upon the member's death. They just need to fill up the nomination form with the segregation of % on their own will. The nomination will facilitate and expedite the withdrawal of the member's savings by the nominated family member(s) in the event of death.

The arrangement for the EPF Mobile team to visit our office has helped staff tremendously. Rather than going to EPF office in town where they may need to face long queue and traffic, and may take some time to process, they only need to bring the MyKad and copy to settle it.

The response was good and great! Majority of the staff from Lot 2 & Lot 7 had registered and nominated their family member(s) from the service provided by the EPF Mobile Team. Staff also understand the importance of the i-Akaun and nomination better now.

Be a smart contributor to secure our future!

ENVIRONMENTAL AUDIT TRAINING

Date: 15 - 16 June 2017 | Venue: Conference Room, CKSB, Kuching

By Cassandra Henry

The Environmental Audit training was held for 2 days on the 15-16 June 2017 at CKSB Conference Room. This training was requested by our staff in Kuching and Chemsain HRD also invited 2 environmentalists from LBU. The training was conducted by Mr. Emil Chong, our Associate Trainer. This course was attended by 7 participants.

Activities included:

- Auditing works and sharing of auditing experiences.
- Q & A sessions based on trainer's experience.

CHRD & CMP BUKA PUASA

Date: 8 June 2017 | Venue: BCCK, Kuching

By Cassandra Henry

This is the second year CHRD and CMP went for the annual break-fast at BCCK. We fasted for half day and the moment when it was time to break-fast, we realized that we love food so much. It was indeed quite challenging for us to fast since we weren't used to fasting compared to our Muslim colleagues. Muslim children are trained to fast from as young as 7 years old. Amazing!

The food in BCCK never disappoints us. This year, they had Korean and Japanese cuisines! Yum. We stayed from 6.30 to 9.30pm.
