CHAIRMAN'S STATEMENT

Tan Sri Datuk Dr. Yusof Bin Basiran
Independent Non-Executive Chairman

Dear Shareholders,

On behalf of the Board, it is my honour to present to you CB Industrial Product Holding Berhad's ("CBIP") annual report and financial statements for the financial year ended 31 December 2014.

2014 IN REVIEW

As 2014 continued to be subjected to external weaknesses, notably with crude palm oil prices averaging RM2,413 for the duration of the year, we achieved a respectable, albeit weaker profit before taxation of RM107.0 million and profit attributable to owners of the parent of RM91.2 million despite an increase in revenue of 1.77% to RM600.9 million.

Nevertheless, our palm oil engineering division continued to excel despite the overall industry weakness, achieving all-time highs revenue of RM447.4 million representing an increase of 36.3% as compared to 2013, underpinned by increased revenue recognition from our orderbook.

The stellar results of our palm oil engineering division were offset by worse results notably from our plantation and milling division as well as our special purpose vehicles division. Our plantation and milling division posted a loss amounting to RM11.0 million on revenue of RM1.0 million. The losses were mainly attributed to set up and operating costs with our oil palm cultivation developments, with a current young age profile of 0-3 years old. In our special purpose vehicles division, we achieved revenue of RM152.4 million and profit from operations of RM20.8 million, down 41.8% and 50.0% respectively from 2013. Weaker results in our special purpose vehicles division were attributable to lower project implementation in 2014.

Our plantation associates and joint venture also fared, posting profit after taxation of RM4.9 million, a decline of 39.05% as compared to 2013.

PROSPECTS AHEAD

Moving forward, the global economy is expected to remain on a moderate growth path, but with increasing divergence in the growth momentum among the major economies. The decline in energy prices is expected to provide some additional support to overall global growth, as higher disposal income and lower inflation will support consumer spending. The Malaysian economy is expected to remain on a steady growth path. The gradual recovery in global growth will lend support to manufactured export performance, although overall export growth would likely remain modest amid lower commodity prices.

(Economic and Financial Developments in the Malaysian Economy in the Fourth Quarter of 2014, Bank Negara Malaysia)

With outstanding orderbook as at 31 December 2014 amounting to RM447 million in our palm oil engineering division and RM152 million in our special purpose vehicles division, the Board remains cautiously optimistic of the prospects of the Group moving forward.

In our palm oil engineering division, we will remain focused in growing our orderbook and increase our clientele base. Riding on the technology of our Modipalm Continuous Sterilization palm oil mills as well as our track record of excellent deliveries, year to date we have made announcements on Bursa Malaysia Securities Berhad in relation to the securing of contracts from 3 new clients, namely PT Niagamas Gemilang, Thai Eastern Trat Co Ltd and United Plantations Berhad for an approximate total of RM106.4 million. However, we regret that our pioneer status for Modipalm Engineering Sdn Bhd has ended in February 2015, and consequently a normal corporate tax rate would be applicable thereafter.

In our special purpose vehicle division, we most recently secured a contract to supply and deliver 200 units of ambulances. While our orderbook replenishment has been outpaced by its burn rate, management remains cautiously optimistic of securing new supply and delivery contracts through active marketing of new products to our clients. We will continue to build on our capabilities to grow our special purpose vehicles portfolio to service our clients better.

In our plantation and milling division, with a landbank of approximately 65,000 hectares in Kalimantan Tengah, whereby 1,670 hectares were planted in 2014 and 6,070 hectares have been planted in totality, management remains committed to the said plantation development. Moving forward, we have set an internal target of planting approximately 6,000 hectares annually. While contributions from our Indonesia plantation assets is still years away, we remain focused on its development to drive our Group's long term growth.

CORPORATE EXERCISE

During the financial year, our Group completed bonus issue and warrants on the basis of 1 bonus share for every existing share held and 1 free warrant for every 3 existing shares held respectively. Total of 265,229,446 bonus shares of RM0.50 each and 88,409,815 warrants have been issued and quoted on the Main Market of Bursa Malaysia Securities Berhad on 12th November 2014. Among others, the bonus issue and free warrants aim to reward our shareholders for their loyalty and continuing support by enabling them to have greater participation in the equity of our Group.

On 23rd February 2015, our Group completed its acquisition of the 94% of the equity interest in PT Mayangan Jaya, comprising 940 shares of Rp1,000,000 each for a total cash consideration of Rp19,224,023,000 or equivalent to RM 5,530,452.

The acquisition involves the acquisition of 14,788 hectares of "Hutan Produksi yang Dapat di Konversi" land, in line with our strategy to acquire landbanks for our plantation and milling division.

On 10th February 2015, we announced that AVP Engineering (M) Sdn Bhd, had subscribed to 60,000 ordinary shares of RM1.00 each, representing 60% equity interest in AVP EMDigital (M) Sdn Bhd for a total cash consideration of RM60,000. The intended business activity of AVP EMDigital (M) Sdn Bhd is to undertake stabilized remote controlled gun system projects.

On 11th February 2015, we announced that CBIP had acquired 1 ordinary share of RM1.00 each in PalmitEco Engineering Sdn Bhd, thereby making it a wholly-owned subsidiary of our Group. The intended activity of the said subsidiary is to extract process and market consumable products from palm fruit juice.

AWARDS

In 2014, we received The Edge Billion Ringgit Club Award, marking our first entry into the exclusive list of companies listed on Bursa Malaysia Securities Berhad with a market capitalization of a billion dollar or above. Our IR professional, Lim Zee Yang was also awarded the best IR professional in the small market capitalization category.

UPHOLDING SHAREHOLDERS' VALUE

In line with our tradition of distributing cash dividends amounting to a target profit after taxation attributable to owner of the parents of 30%, we have declared a total adjusted cash dividend payout of 5.5 sen for the financial year ended 31 December 2014.

While we have achieved encouraging results for the financial year ended 31 December 2014, we will continue to explore sustainable growth strategies to further enhance our shareholders' value.

A WORD OF APPRECIATION

I wish to take this opportunity to express my heartfelt gratitude and appreciation to our Board of Directors, the management team and our employees for their dedicated, unwavering support.

Last but not least, I would like to thank our shareholders, customers, vendors and other stakeholders, who have placed their faith in us since our humble beginnings until today.

CORPORATE SOCIAL RESPONSIBILITY

At CBIP, we believe in a healthy reciprocal relationship between our business and our community. Our Corporate Social Responsibility ("CSR") ties in closely with our care values of creating a more eco-friendly and sustainable environment for our stakeholders. Our culture of giving back to society will keep us mindful of our responsibility as a leader in promoting sustainability; it also keeps us on the right track in functioning ethically and professionally as a business unit.

INVESTOR RELATIONS

In line with our Group's policy in promoting transparency to our shareholders, we have continuously engaged in various initiatives to ensure that dissemination of information in relation to our business operations is done in an accurate and timely manner.

Our Group's official website www.cbip.com.my is an important element, serving as an intermediary between our Group and our shareholders in the dissemination of information. Updated presentation slides surrounding the key statistics as well as other relevant materials in relation to our businesses are promptly uploaded onto our website after the release of each quarterly result and are freely accessible to the public.

Working closely with both the investment community and the press, we also regularly reach out to our investors through a series of roadshows, one-on-one meetings, site visits and group presentations. Over the course of 2014, we have engaged with fund managers and analysts from all over the world including United States, Australia, Japan, Taiwan, Thailand, Singapore and Malaysia. On the press publicity front, a series of interviews of our Managing Director, Mr Lim Chai Beng on the prospects and future of our Group were also featured in local public presses including The Star and The Edge Weekly.

We will continue to innovate and improve on our investor relation initiatives, with the ultimate objective of achieving a position relationship with our shareholders through active two-way communications. Indeed, our improvement did not go unnoticed as our investor relations officer, Lim Zee Yang was awarded the best investor relations professional in the small cap category by the Malaysian Investor Relations Association last year.

ENVIRONMENT

As the inventor behind our patented Modipalm Continuous Sterilization milling system, we pride ourselves in our commitment to create a more eco-friendly environment in palm oil milling operations to our client. Among others, the Modipalm Continuous Sterilization system benefits the environment greatly through generation of cleaner emissions as well as creating a safer environment for employees. Statistically, over 100 Modipalm Continuous Sterilization system has been built and to-date, the Modipalm system boasts a stellar safety track record.

Over the years, we have challenged ourselves by exploring more avenues to make more environmentally friendly improvements on our palm oil milling system. We have been very much focused on a new waste management system in hope of ensuring a sustainable management of sludge within a palm oil mill. This technology is still on a trial and commissioning stage which management is hopeful of commercializing in the near to mid term future.

COMMUNITY

In line with our spirit of giving back to the needy and less privileged, in 2014, we regularly assessed and identified opportunities to lend a helping hand to our community. Among others, we made a cash donation of RM32,040 to Persatuan Penjagaan Kanak-kanak Cacat Klang as sponsorship for tuition fees to special children. Separately, we also donated a new unit of Toyota Hiace van to Pusat Penjagaan Titian Kaseh for school transportation purposes. Children are the country's future talents and we see a need to ensure that their growth is nurtured through education.

Our other CSR initiative of the year involved the provision of assistance to the people in the state of Kelantan, which was hit by the worst flood in the history of the state. Assembled on short notice with a team of 16 members of the CBIP family, most of which canceled their personal new year celebration plans to participate in the flood relief mission, our team departed for Kelantan on 31st December 2014 on a 3 days journey, armed with approximately RM50,000 worth of supplies, which comprise of basic necessities namely food, water, clothes, blankets etc. The scene on site was a devastating one, with debris scattered everywhere on the roadside, pathways, open grounds and even on the top of the roofs of houses and houses, destroyed. Nevertheless, this just fired up our team, which proceeded to work round the clock, distributing supplies to the flood victims from house to house over the course of 3 days. Overall, it was a humbling experience for our team and a reminder that we should always lend a helping hand to the unfortunates.

EMPLOYEES

A vital part of the Group's strategic initiatives is the continuous development of its workforce. In-house training programmes, external training programmes, team building excursions as well as organization-wide festivities celebration are regularly held through the year to not only ensure that our workforce continues to develop their technical and non-technical skills, but also in ensuring that teamwork spirits are tightly fostered among our employees.

NOTICE OF ANNUAL GENERAL MEETING

Item 1 of the Agenda

Audited Financial Statements for the financial year ended 31 December 2014

This Agenda is meant for discussion only as the provision of Section 169(1) of the Companies Act, 1965 does not require a formal approval of the shareholders and hence, is not put forward for voting.

Ordinary Resolution 6

Proposed Renewal of Authority for Purchase of Own Shares by the Company

The proposed resolution, if passed, will empower the Company to purchase and/or hold up to ten per centum (10%) of the issued and paid-up share of the Company by utilising the funds allocated which shall not exceed the earnings and/or share premium of the Company.

For further information, please refer to Share Buy-Back Statement dated 6 May 2015.

Ordinary Resolution 7

Authority to Issue Shares

The proposed resolution is primarily to give flexibility to the Board of Directors to issue shares to such persons at any time in their absolute discretion without convening a general meeting. This authorisation will expire at the conclusion of the next Annual General Meeting of the Company.

This is the renewal of the mandate obtained from the members at the last Annual General Meeting ("the previous mandate"). The purpose of this general mandate is for possible fund raising exercises including but not limited to further placement of shares, for purpose of funding current and/or future investment projects, working capital, repayment of borrowings and/or acquisitions.

The previous mandate was not utilised and accordingly no proceeds were raised.

Ordinary Resolutions 8, 9 and 10

Continuing in Office as Independent Non-Executive Directors

The Nomination Committee has assessed the independence of Tan Sri Datuk Dr. Yusof Bin Basiran, Wong Chee Beng and Michael Ting Sii Ching, who have served as Independent Non-Executive Directors of the Company for a cumulative term of more than nine years, and recommended them to continue act as Independent Non-Executive Directors of the Company based on the following justifications:-

- a. they fulfilled the criteria under the definition of Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and thus, they would be able to function as a check and balance, bring an element of objectivity to the Board;
- b. they have been with the Company for more than 9 years and were familiar with the Company's business operations;
- c. they have devoted sufficient time and attention to their professional obligations for informed and balanced decision making; and
- d. they have exercised their due care during their tenure as Independent Non-Executive Directors of the Company and carried out their professional duties in the interest of the Company and shareholders.

STATEMENT OF DIRECTORS' RESPONSIBILITIES 2014

In Respect of the Preparation of the Financial Statements

The Directors are required to prepare financial statements for each financial year which have been made out in accordance with the applicable approved accounting standards and give a true and fair view of the state affairs of the Group and the Company at the end of the financial year and of their results and cash flows for that financial year.

In preparing the financial statements of the Company and of the Group for the financial year ended 31 December 2014, the Directors have:

- adopted suitable accounting policies and applied them consistently;
- made judgements and estimates that are reasonable and prudent;
- ensured applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepared the financial statements on a going concern basis as the Directors have a reasonable expectation, having made enquiries, that the Group and the Company have adequate resources to continue in operational existence for the foreseeable future.

The Directors are responsible to ensure that the Group and the Company keep accounting records which disclose with reasonable accuracy the financial position of the Group and the Company which enable them to ensure that the financial statements comply with the Act.

The Directors are also responsible for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

AUDIT COMMITTEE REPORT

The Board of Directors (“the Board”) is pleased to present the following Report on the Audit Committee and its activities for the financial year ended 31 December 2014.

COMPOSITION AND MEETINGS

The present Audit Committee comprises three (3) Directors as follows:

Chairman

Wong Chee Beng – Senior Independent Non-Executive Director

Members

Michael Ting Sii Ching – Independent Non-Executive Director

Lim Chai Huat – Non-Independent Non-Executive Director

The Audit Committee met five (5) times during the financial year ended 31 December 2014. The details of the attendance of the Audit Committee are as follows:

		Attendance
Chairman	Wong Chee Beng <i>(Senior Independent Non-Executive Director)</i>	5/5
Members	Michael Ting Sii Ching <i>(Independent Non-Executive Director)</i>	5/5
	Lim Chai Huat <i>(Non-Independent Non-Executive Director)</i>	5/5

Senior Management staff and the group internal auditor were invited to attend the Audit Committee meetings. The agenda of the meetings and relevant information were distributed to the Audit Committee members with sufficient notification. The Company Secretary was also present to record the proceedings of the Audit Committee meetings.

SUMMARY OF ACTIVITIES OF THE AUDIT COMMITTEE

In accordance with the Terms of Reference of the Audit Committee, the activities undertaken by the Audit Committee during the financial year ended 31 December 2014 include the deliberation on and review of:

- (a) the unaudited quarterly Financial Statements and the Annual Audited Financial Statements of the Company to ensure adherence to the regulatory reporting requirements and appropriate resolution prior to the submission to the Board of Directors for approval.
- (b) the audit plan of the external auditors in terms of their scope of audit prior to their commencement of their annual audit.
- (c) the audit reports of the external auditors in relation to audit and accounting matters arising from the statutory audit; matters arising from the audit of the Group in meetings with the external auditors without the presence of the executive Board members and management.
- (d) related party transactions and conflict of interest situation that may arise within the Group.
- (e) the internal audit reports, audit recommendations and implementation status of the recommendations.
- (f) the quarterly update on the Group’s key risk profile with a view to re-assess and manage the key business risks as well as to monitor the readiness to manage these risks.
- (g) the Audit Committee Report and Statement on Risk Management and Internal Control for compliance with the Malaysian Code on Corporate Governance and the Main Market Listing Requirements (“MMLR”) of Bursa Malaysia Securities Berhad (“Bursa Securities”) before recommending to the Board for approval.

SUMMARY OF ACTIVITIES OF THE AUDIT COMMITTEE (cont'd)

- (h) re-appointment of external auditors and their audit fees, after taking into consideration the independence and objectivity of the external auditors and the cost effectiveness of their audit, before recommending to the Board of Directors for approval.
- (i) updates on accounting standards by Malaysian Accounting Standards Board.

SUMMARY OF ACTIVITIES OF THE INTERNAL AUDIT FUNCTION

The Company has an Internal Audit Function that reports directly to the Audit Committee. The main role of the Internal Audit Function is to assist the Audit Committee in providing independent assessment on the adequacy and effectiveness of the internal control system of the Group. The activities of the Internal Audit Function during the financial year ended 31 December 2014 were as follows:

- (a) Development of the Internal Audit Plan for 2014 for the Audit Committee's approval.
- (b) Execution of the approved internal audit plan.
- (c) Presentation of the internal audit findings at the Audit Committee meetings. All findings raised by the internal audit function had been directed to Management for appropriate actions.
- (d) Conducting follow-up reviews to ensure previously established action plans had been adequately implemented by Management within the agreed timelines.

The total cost incurred for the Internal Audit Function for 2014 was RM185,464.

The internal audits conducted did reveal some weaknesses but are not expected to result in material losses, contingencies or uncertainties that would require disclosure in the annual report.

Further details of the Internal Audit Functions are set out in the Statement on Risk Management and Internal Control on pages 38 to 39.

TERMS OF REFERENCE OF AUDIT COMMITTEE

- g) call for a meeting upon a request of the internal auditors or external auditors;
- h) promptly report to Bursa Securities matters which have not been satisfactorily resolved by the Board resulting in a breach of the listing requirements;

Meetings

- The Audit Committee shall meet at least four (4) times in each financial year. The quorum for a meeting shall be two (2) members, provided that the majority of members present at the meeting shall be Independent Directors;
- The Company Secretary is responsible for co-ordinating all administrative details including calling of meetings, voting and keeping of minutes;
- The Chairman shall upon request of the external auditors convene a meeting of the Audit Committee to consider any matter the external auditors believe should be brought to the attention of the Directors or shareholders;
- The internal and external auditors have the right to appear at any meeting of the Audit Committee and shall appear before the Audit Committee when required to do so by the Audit Committee. The internal auditors and external auditors may also request a meeting if they consider it necessary;
- Members of the Audit Committee are provided with the meeting agenda and other relevant financial and non-financial information prior to each meeting;
- Senior Management staff, external auditors and internal auditors are invited to attend the meetings, whenever their presence is needed; and
- The Company Secretary is responsible for preparing the minutes of each meeting which are subsequently approved and adopted.

REVIEW OF AUDIT COMMITTEE

The Board shall review the terms of office and performance of the Audit Committee and each of its members at least once every three (3) years to gauge their compliance with the terms of reference.

STATEMENT OF CORPORATE GOVERNANCE

The Board is committed to ensure that the principles and best practices on corporate governance are observed and practised throughout the Group so that the affairs of the Group are conducted with integrity and professionalism in the best interests of the Group and its shareholders.

Set out below is a statement of how the Group has applied the principles and complied with the recommendations as outlined in the Malaysian Code on Corporate Governance 2012 (“the Code”).

1. ESTABLISH CLEAR ROLES AND RESPONSIBILITIES

1.1 Clear functions of the Board and those delegated to Management

The Board’s responsibilities are clearly defined in the Board Charter. The charter defines the Board’s key roles in charting the strategic direction, development and control of the Group which include the reviewing and monitoring of matters relating to strategy to promote sustainability, performance, evaluation, resource allocation, standard of conduct, financial matters, succession planning, corporate disclosure, effectiveness and adequacy of the Group’s system of internal controls and risk management practices.

The Executive Directors are primarily responsible for developing the Group’s business plan and strategies, the implementation of policies and decisions of the Board and overseeing the Group’s operations. The role of the Independent Non-Executive Directors is to provide objective and independent judgment to the decision making of the Board and as such, provide an effective check and balance to the Board’s decision making process.

The Board delegates and confers some of its authorities and discretion on the Chairman, Executive Directors, and Management as well as on properly constituted Board Committees comprising mainly or exclusively Non-Executive Directors.

There is a clear division of responsibilities between the Chairman of the Board and the Managing Director (“MD”). The Chairman leads strategic planning at the Board level, while the MD and Executive Directors are responsible for the implementation of the strategies/policies laid down and executive decision-making.

The role of Management is to support the Executive Directors in the day-to-day management and operations of the Company, in accordance with the delegated authority of the Board.

The Board Committees, comprising the Audit Committee, Nomination Committee and Remuneration Committee are entrusted with specific responsibilities to oversee the Group’s affairs, with authority to act on behalf of the Board in accordance with their respective Terms of Reference. At each Board meeting, minutes are presented to keep the Board informed. The Chairmen of the relevant Board Committees also report to the Board on key issues deliberated by the Board Committees at their respective meetings.

The Non-Executive Directors are independent of Management. Their roles are to constructively challenge Management and monitor the performance of Management in delivering the approved targets and business plans within the risk appetite set by the Board. They have full access to Management at all levels and they engage with the external and internal auditors to address matters concerning Management and oversight of the Company’s business and operations.

Key matters reserved for the Board’s approval include the annual business plan and budget, capital management and investment policies, authority limits/levels, risk management policies, new businesses/projects, declaration of dividends, business continuity plan, issuance of new securities, business restructuring, expenditure above a certain limit, material acquisitions and disposition of assets.

STATEMENT OF CORPORATE GOVERNANCE

1.2 Clear roles and responsibilities in discharging fiduciary and leadership functions

The Board has discharged its responsibilities in the best interests of the Company. The following are among the key responsibilities of the Board:

(a) Reviewing and adopting the Company's strategic plans

The Board has in place a strategy planning process whereby the MD presents to the Board the Company's annual budgets, together with the proposed business plans for the ensuing year for the Board's review and approval. The Board will deliberate both Management's and its own perspectives, and challenge the Management's views and assumptions to ensure the best outcome.

(b) Overseeing the conduct of the Company's business

The MD is responsible for the day-to-day management of the business and operations of the Group in respect of both its regulatory, commercial and operational functions.

Management's performance under the leadership of MD, is assessed by the Board through monitoring the actual performance of the Group against the approved targets and business plans on a quarterly basis.

The Board determines and approves the level of authority to be delegated to the MD in respect of operating expenditures, capital expenditures, credit facilities and risk taking.

(c) Identifying principal risks and ensuring the implementation of appropriate internal controls and mitigation measures.

Through the AC, the Board oversees the risk management practices and internal control system of the Group. The AC advises the Board on areas of high risk faced by the Group and the adequacy of compliance and control throughout the organisation. The AC reviews the action plan implemented and makes relevant recommendations on risk matters to the Board.

(d) Succession Planning

The Board has entrusted the Nomination Committee and Remuneration Committee with the responsibility to review candidates for the Board and key management positions and to determine remuneration packages for these appointments and to formulate nomination, selection, remuneration and succession policies for the Group.

The Nomination Committee also undertakes yearly evaluation of the performance of the Chief Financial Officer ("CFO") whose remuneration is directly linked to performance based on his score sheet. For this purpose, the performance evaluation for the year 2014 of the CFO was reviewed by the Nomination Committee in February 2015.

(e) Overseeing the development and implementation of a shareholder communication policy for the Company.

The Company strongly believes that effective and timely communication is essential in maintaining good relations with the shareholders, investors and investment community. To that end, the Board strives to provide shareholders and investors accurate, useful and timely information about the Company, its businesses and its activities via the timely release of quarterly financial results, press releases and announcements. Whilst the Company endeavours to provide as much information as possible, it is aware of the legal and regulatory framework governing the release of material and price sensitive information.

The Company has identified Mr. Wong Chee Beng as the Senior Independent Non-Executive Director to whom concerns of shareholders and other stakeholders may be conveyed.

STATEMENT OF CORPORATE GOVERNANCE

In addition to the above, shareholders and investors can make inquiries about investor relations matters with designated management personnel directly responsible for investor relations, via dedicated e-mail addresses available on the corporate website.

- (f) Reviewing the adequacy and integrity of management information and internal control system of the Company

The Board is ultimately responsible for the adequacy and integrity of the Company's internal control system. Details pertaining to the Company's internal control system and the reviews of its effectiveness are set out in the Statement on Risk Management and Internal Control of this Annual Report.

1.3 Business Ethics

The Board commits to observe ethical business standards and to apply these values to all aspects of the Group's business and professional practice and act in good faith in the best interests of the Group and its shareholders.

In addition, all employees are encouraged to report genuine concerns about any unethical behaviour or malpractices. Any such concern should be raised with senior management and an appropriate action will be taken by the Company. If for any reason, it is believed that this is not possible or appropriate, then the concern should be reported to the Senior Independent Non-Executive Director.

1.4 Strategies promoting sustainability

The Board regularly reviews the strategic direction of the Company and the progress of the Company's operations, taking into account changes in the business and political environment and risk factors.

The Board promotes good Corporate Governance in the application of sustainability practices throughout the Company, the benefits of which are believed to translate into better corporate performance. Accordingly, the Company takes cognisance of the global environmental, social, governance and sustainability agenda.

The Company recognises the value of a diversified and skilled workforce and is committed to creating and maintaining an inclusive and collaborative workplace culture that will provide sustainability for the Company into the future. The Company is committed to leveraging the diverse backgrounds in terms of gender, ethnicity and age, experiences and perspectives of our workforce, to provide good customer service to an equally diverse customer base. The Company's commitment to recognising the importance of diversity extends to all areas of our business including recruitment, skills, enhancement, appointment to roles, retention of employees, succession planning and training and development.

1.5 Access to information and advice

The Directors have individual and independent access to the advice and support services of the Company Secretaries in ensuring the effective functioning of the Board. The Directors may seek advice from Management on issues under their respective purview. The Directors may also interact directly with Management, or request further explanation, information or updates on any aspect of the Company's operations or business concerns from them.

In addition, the Board may seek independent professional advice at the Company's expense on specific issues to enable it to discharge its duties.

The Board papers which include updates on operations, financial, corporate developments and minutes of the Board Committees are circulated prior to each Board meeting. This is to provide the Directors sufficient time to enable them to participate in the deliberations of the issues to be raised at the meetings and to make informed decisions.

STATEMENT OF CORPORATE GOVERNANCE

1.6 Qualified and competent company secretary

The Board is regularly updated by the Company Secretary on new regulations issued by the regulatory authorities. The Company Secretary also serves notice to the Directors and Principal Officers to notify them of closed periods for trading in the Company's quoted securities.

The Company Secretary attends and ensures that all Board meetings are properly convened and that accurate and proper records of the proceedings and resolutions passed are taken and maintained in the statutory registers of the Company.

1.7 Board Charter

In discharging its duties, the Board is constantly mindful of the need to safeguard the interests of the Group and its stakeholders. In order to facilitate the effective discharge of its duties, the Board is guided by its Board Charter.

The Board Charter serves to ensure that all Board members are aware of their expanding roles and responsibilities. It sets out the strategic intent and specific responsibilities to be discharged by the Board members collectively and individually. It also regulates on how the Board conducts business in accordance with Corporate Governance ("CG") principles.

2. STRENGTHEN COMPOSITION

2.1 Nomination Committee ("NC")

The NC consists of entirely Non-Executive Directors with majority being Independent Directors. The members of the NC are:

Chairman

Lim Chai Huat – Non-Independent Non-Executive Director

Members

Wong Chee Beng – Senior Independent Non-Executive Director

Michael Ting Sii Ching – Independent Non-Executive Director

The NC is guided by specific terms of reference and the NC's duties are as follows:

- To recommend candidates for all directorships to be approved by the Board and shareholders;
- To recommend candidates to fill the seats on Board Committees;
- To assess the contribution of each individual Director;
- To review annually the Board structure, size, composition and the mix between Executive Directors, Non-Executive Directors and Independent Directors to ensure that the Board has the appropriate mix of skills and experience including core competencies which Directors should bring to the Board and other qualities to function effectively and efficiently;
- To take the necessary steps to ensure that women candidates are sought as part of the Company's recruitment exercise to meet its gender diversity policy;
- To review annually the independence of Independent Directors;
- To ensure existence of an appropriate framework and succession plan for the Executive Directors and senior management of the Company;
- To identify suitable orientation, educational and training programmes for continuous development of Directors;
- To establish and implement processes for assessing the effectiveness of the Board as a whole, the Committees of the Board and assessing the contribution of each Director; and
- To consider other matters as referred to the Committee by the Board.

STATEMENT OF CORPORATE GOVERNANCE

Despite the recommendation 2.1 of the Code for the Chairman of the NC to be a Senior Independent Director, Mr. Lim Chai Huat remains as the Chairman of the NC due to his invaluable experience and knowledge of the Group Businesses. He is also one of the co-founders of the Company.

2.2 Develop, maintain and review criteria for recruitment and annual assessment of Directors

a) Board appointment process

The NC is responsible for identifying and recommending suitable candidates for Board membership and also for assessing the performance of the Directors on an ongoing basis. The Board will have the ultimate responsibility and final decision on the appointment. This process shall ensure that the Board membership accurately reflects the long-term strategic direction and needs of the Company and determine the skill matrix to support the strategic direction and needs of the Company.

Management shall engage broadly to develop a pool of interested potential candidates meeting the skills, expertise, personal qualities and diversity requirements for both the Board and the Committee appointments.

The NC evaluates the qualification and experience of the candidate against the Board's requirements including its gender diversity policy and where appropriate recommends to the Board for appointment.

The NC will contact those persons identified to determine interest in serving the Company. This communication will ensure that prospective Board members have clarity regarding the nominating process as well as Director/Board profiles, roles and responsibilities, expectations of time commitments and other information as required.

According to the Articles of Association of the Company, all Directors are required to submit themselves for re-election at intervals of not more than three (3) years. The Articles of Association also state that one-third (1/3) of the Board members shall retire from office at an Annual General Meeting ("AGM") and shall be eligible for re-election at the same AGM.

All new Director(s) duly appointed by the Board are subsequently recommended for re-election at the coming AGM.

The Company shall then provide orientation and on-going education to the Board.

In making the selection, the Board is assisted by the NC to consider the following aspects:

- Integrity and reputation – the person must have the personal qualities such as honesty, integrity, diligence and independence of mind and fairness.
- Competence and capability – the person must have the necessary qualification and experience, skills, ability and commitment to carry out the role.

b) Annual Assessment

The Board reviews and evaluates its own performance and the performance of its Committees on an annual basis. The Board evaluation comprises a Board Assessment, an Individual Self Assessment and an Assessment of Independence of the Independent Directors.

The assessment of the Board is based on specific criteria, covering areas such as the Board structure, Board operations, roles and responsibilities of the Board, the Board Committee and the Chairman's role and responsibilities.

For Individual Self Assessment, the assessment criteria include contribution to interaction, quality of input, and understanding of role.

STATEMENT OF CORPORATE GOVERNANCE

The results of the assessment would form the basis of the NC's recommendation to the Board for the re-election of the retiring Directors at the next AGM.

In addition, the NC reviews and evaluates the performance of the CFO on an annual basis.

c) Diversity in Gender, Ethnicity and Age

The Board acknowledges the importance of boardroom diversity and the recommendation of the Code pertaining to the establishment of a gender diversity policy. Hence, the Board had always been in support of the Company's policy of non-discrimination on the basis of race, age, religion and gender. The Board encourages a dynamic and diverse composition by nurturing suitable and potential candidates equipped with competency, skills, experience, character, time commitment, integrity and other qualities in meeting the future needs of the Company.

2.3 Remuneration Committee ("RC")

The RC consists of one (1) Executive Director and two (2) Non-Executive Directors. The members of the RC are:

Chairman

Michael Ting Sii Ching – Independent Non-Executive Director

Members

Y.D.M Tengku Dato' Ardy Esfandiari Bin Tengku A. Hamid Shah – Executive Director

Lim Chai Huat – Non-Independent Non-Executive Director

The RC and the Board ensure that the Company's remuneration policy remains supportive of the Company's corporate objectives and is aligned with the interest of shareholders and further that the remuneration packages of Directors and key Senior Management Officers are sufficiently attractive to attract and to retain persons of high calibre.

The RC reviews annually the performance of the Executive Directors and submits recommendations to the Board on specific adjustments in remuneration and/or reward payments that reflect their respective contributions for the year and their achievement of the goals and/or quantified organisational targets set at the beginning of each year.

The Board as a whole determines the Director's fee of the Non-Executive Directors and recommends the same for shareholders' approval.

The remuneration package of the Executive Directors consists of monthly salary, allowance, bonus and benefits-in-kind such as company car and the benefit of Directors and Officers Liability Insurance in respect of any significant liability arising from acts committed in their capacity as Directors and Officers of the Company. The Directors and principal officers are required to contribute jointly towards the premium of the said policy.

Details of the Directors' remuneration (including benefits-in-kind) during the financial year 2014 are as follows:

(a) Total Remuneration

Director	Salaries RM'000	Fees RM'000	Bonus and Allowances RM'000	Benefit-in- kind RM'000	Total RM'000

RM650,001 to RM700,000	1	–
RM1050,001 to RM1100,000	1	–

3. REINFORCE INDEPENDENCE

3.1 Annual Assessment of Independence

The Board, through the NC, assesses the independence of Independent Directors annually. The criteria for assessing the independence of an Independent Director include the relationship between the Independent Director and the Company and his involvement in any significant transaction with the Company.

Based on the assessment in the financial year 2014, the Board is satisfied that the Independent Directors have been able to discharge their responsibilities in an independent manner.

3.2 Tenure of Independent Directors

The Board has adopted the Code's nine (9) years tenure recommendation for Independent Non-Executive Directors as one of the criteria to assess the continuing Independence of its Independent Non-Executive Directors.

3.3 Shareholders' approval for the Continuance Office as Independent Directors

The NC will assess the continuing independence of the Independent Directors based on the assessment criteria (which includes the Code's nine (9) years tenure recommendation) developed by the NC and submit its recommendation to the Board for review and endorsement prior to the Board's submission to the shareholders for approval. Justification for the Board's recommendation is provided to the shareholders.

Currently, there are three (3) long serving Independent Non-executive Directors, Tan Sri Datuk Dr. Yusof Bin Basiran, Mr. Wong Chee Beng and Mr. Michael Ting Sii Ching, whose tenure are more than nine (9) years. The Board, on the review and recommendation made by the NC, is unanimous in its opinion that the three (3) Independent Directors, have fulfilled the criteria under the definition of an Independent Director as set out under Paragraph 1.01 of the MMLR of Bursa Securities. The Board believes that the independence of the three Directors remains unimpaired and their judgment over business dealings of the Company were not influenced by the interest of the other Directors or Substantial Shareholders.

Thus, the Board recommends to the shareholders for approval at the forthcoming AGM for Tan Sri Datuk Dr. Yusof Bin Basiran, Mr Wong Chee Beng and Mr Michael Ting to continue acting as Independent Directors of the Company.

3.4 Separation of the Positions of the Chairman and the MD

The positions of the Chairman and the MD are held by two different individuals. Tan Sri Datuk Dr. Yusof Bin Basiran, an Independent Non-Executive Director is the Chairman whereas Mr Lim Chai Beng is the MD.

The distinct and separate roles of the Chairman and MD with a clear division of responsibilities, ensure a balance of power and authority, such that no one individual has unfettered powers of decision-making.

STATEMENT OF CORPORATE GOVERNANCE

3.5 Composition of the Board

The Board currently comprises eight (8) members of whom three (3) are Independent Non-Executive Directors, three (3) Executive Directors, one (1) Non-Independent Non-Executive Director, and one (1) Alternate Director to MD. The three (3) Independent Non-Executive Directors fulfill the criteria of independence as defined in the MMLR of Bursa Securities. The Independent Non-Executive Directors do not participate in the day-to-day management of the Company and do not involve themselves in business transactions or relationships with the Company, in order not to compromise their objectivity. In staying clear of any potential conflict of interest, the Independent Non-Executive Directors remain in a position to fulfill their responsibility to provide check and balance to the Board.

The Board composition meets both the MMLR of Bursa Securities and the Code's recommendation for a balance board with Independent Directors constituting more than one-third of the Board.

The Independent Non-Executive Directors are of the caliber necessary to provide an independent judgment on the issues of strategy, performance and resource allocation. They carry sufficient weight in Board decisions to ensure the long-term interest of the Company and its shareholders, employees, customers and other stakeholders.

The eight (8) members of the Board are persons of high calibre and integrity, and they possess the appropriate skills and provide a wealth of knowledge, experience and skills in the key areas of marketing and sales, accountancy, business operations and development, finance and risk management, amongst others.

The MD is accountable to the Board over the daily management and development of the Company.

The profile of each of the member of the Board is presented on the pages 11 to 13 of this Annual Report.

4. FOSTER COMMITMENT

4.1 Time Commitment

The Board is satisfied with the level of time commitment given by the Directors towards fulfilling their roles and responsibilities as Directors of the Company. This is evidenced by the attendance record of the Directors at Board Meetings, as set out in the table.

Name of Director	Designation	No. of meetings attended
Tan Sri Datuk Dr. Yusof Bin Basiran	Independent Non-Executive Chairman	5/5
Lim Chai Beng (Alternate Director: Lim Zee Ping)	Managing Director	5/5
Y.D.M Tengku Dato' Ardy Esfandiari Bin Tengku A. Hamid Shah	Executive Director	5/5
Mak Chee Meng	Executive Director	5/5
Wong Chee Beng	Senior Independent Non-Executive Director	5/5
Michael Ting Sii Ching	Independent Non-Executive Director	5/5
Lim Chai Huat	Non-Independent Non-Executive Director	5/5

STATEMENT OF CORPORATE GOVERNANCE

To ensure that the Directors have the time to focus and fulfill their roles and responsibilities effectively, the Directors must not hold directorships at more than five (5) public listed companies ("PLCs") and shall notify the Chairman before accepting any new directorship in PLCs.

To facilitate the Directors' time planning, an annual meeting schedule is prepared and circulated at the beginning of every year as well as the tentative closed periods for dealings in securities by Directors based on the targeted dated of announcements of the Company's quarterly results.

4.2 Trainings

All Directors have completed the Mandatory Accreditation Programme ("MAP") as prescribed by Bursa Securities. The Company will continue to identify suitable training for the Directors to equip and update themselves with the necessary knowledge to discharge their duties and responsibilities as Directors.

The Directors are encouraged to attend briefing, conferences, forums, trade fairs (locally and internationally), seminars and training to keep abreast with the latest developments in the industry and to enhance their skills and knowledge.

During the financial year ended 31 December 2014, the Directors have attended the following trainings, seminars, conferences and exhibitions to keep themselves abreast with changes in laws and regulation, business environment and corporate governance development:-

5. UPHOLD INTEGRITY IN FINANCIAL REPORTING

5.1 Compliance with applicable financial reporting standards

The Board is committed to provide a balanced, clear and meaningful assessment of the financial performance and prospects of the Company via all disclosures and announcements made.

The Board is assisted by the AC to oversee and scrutinise the process and quality of the financial reporting including the reviewing and monitoring of the integrity of the financial statements and the appropriateness of the Company's accounting policies to ensure accuracy, adequacy and completeness of the financial report, as well as in compliance with the relevant accounting standards.

5.2 Assessment of suitability and independence of external auditors

The AC is responsible for reviewing audit, recurring audit-related and non-audit services provided by the external auditors. These recurring audit-related and non-audit services comprise regulatory reviews and reporting, interim reviews, tax advisory and compliance services.

The terms of engagement for services provided by the external auditors are reviewed by the AC prior to submission to the Board for approval.

The AC has reviewed the provision of non-audit services by the external auditors during the year and concluded that the provision of these services did not compromise the external auditors' independence and objectivity as the amount of the fees paid for these services was not significant when compared to the total fees paid to the external auditors.

Having satisfied itself with Messrs Crowe Horwath's performance, the AC will recommend their re-appointment to the Board, upon which the shareholders' approval will be sought at the AGM.

STATEMENT OF CORPORATE GOVERNANCE

6. RECOGNISE AND MANAGE RISKS

6.1 Sound framework to manage risks

The Board oversees, reviews and monitors the operation, adequacy and effectiveness of the Group's system of internal controls and risk management practices.

The Board defines the level of risk appetite, approving and overseeing the operation of the Group's Risk Management Framework, assessing its effectiveness and reviewing any major/ significant risk facing the Group.

The AC oversees the risk management framework of the Group and advises the Board on areas of high risk faced by the Group and the adequacy of compliance and control throughout the organisation. The AC also reviews the action plans implemented and make relevant recommendations to the Board to manage residual risks.

The Company continues to maintain and review its internal control procedures to safeguard its assets and businesses.

6.2 Internal Audit Function

A sound system of Internal Control is in place for the day to day operations of the Group. The Internal Audit Department has an independent reporting channel to the AC and is authorised to conduct independent audits of all the departments and offices within the Group and reports its findings to the AC at the end of each quarter.

The AC reviews, deliberates and decides on the next course of action and evaluates the effectiveness and efficiency of the Internal Control systems in the organisation.

The Statement on Risk Management and Internal Control as included on pages 38 to 39 of this Annual Report provides the overview of the Internal Control Framework adopted by the Company during the financial year ended 31 December 2014.

7. ENSURE TIMELY AND QUALITY DISCLOSURE

7.1 Corporate Disclosure Policy and Procedures

The Company has put in place a Corporate Disclosure Policy with the objective to ensure communications to the public are timely, factual, accurate, complete, broadly disseminated and where necessary, filed with regulators in accordance with applicable laws.

The MD and CFO are responsible for determining materiality of information and ensuring timely, complete and accurate disclosure of material information to the investing public in accordance with securities laws and stock exchange rules and regulations, monitoring compliance with this policy and overseeing the disclosure controls and procedures.

Sufficient information would be provided to the Company Secretary for drafting of necessary announcement.

The Board is mindful that information which is expected to be material must be announced immediately, and that the confidential information should be handled properly to avoid leakage and improper use of such information.

STATEMENT OF CORPORATE GOVERNANCE

7.2 Leverage on information technology for effective dissemination of information and feedbacks

The Company's website provides all relevant corporate information and it is accessible by the public. The Company's website includes share price information, all announcements made by the Company, Annual Reports, financial results, corporate calendar as well as the corporate governance statement of the Company.

The stakeholders are able to direct queries to the Company through the Company's website by an e-mail address: info@cbip.com.my.

8. STRENGTHEN SHAREHOLDERS' RELATIONSHIP

8.1 Encourage shareholder participation at general meetings

In an effort to encourage greater shareholders' participation at AGMs, the Board takes cognisance in serving longer than the required minimum notice period for AGMs, when possible. The Chairman together with the Senior Independent Director ensure that the Board is accessible to shareholders and an open channel of communication is cultivated.

The Company encloses the 2014 Annual Report together with the Share Buy-back Statement and notice of AGM with regard to, amongst others, details of the AGM, their entitlement to attend the AGM, the right to appoint proxy and also qualification of proxy.

The Company allows a shareholder to appoint a proxy who may not be a member of the Company. If the proxy is not a member of the Company, he/she need not be an advocate, an approved company auditors or a person approved by the Registrar of Companies.

To further promote participation of members through proxies, which in line with the MMLR of Bursa Securities, the Company had amended its Articles of Association to include explicitly the right of proxies to speak at general meetings.

8.2 Encourage poll voting

At the 17th AGM of the Company held on 29 May 2015, all resolutions put forth for shareholders' approval at the meeting were voted on by show of hands.

The Chairman ensured that shareholders were informed of their rights to demand a poll vote at the commencement of the AGM.

8.3 Effective communication and proactive engagement

At the 17th AGM, all the Directors were present in person to engage directly with, and be accountable to the shareholders for their stewardship of the Company. The Directors, Management and external auditors were in attendance to respond to the shareholders' queries.

From the Company's perspective, the AGM also serves as a forum for Directors and Management to engage with the shareholders personally to understand their needs and seek their feedback. The Board welcomes questions and feedback from shareholders during and at the end of shareholders' meeting and ensures their queries are responded in a proper and systematic manner.

COMPLIANCE STATEMENT

The Board is satisfied that the Company has in 2014 complied with the principles and recommendations of the Code except where it was specifically stated otherwise.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Board remains committed towards ensuring that a sound framework of risk management practices and internal control system in order to safeguard the Group's assets and minimise its losses and liabilities.

The Board is pleased to provide this statement on the state of internal control and risk management of the Group prepared in accordance with paragraph 15.26(b) of the MMLR of Bursa Securities, Statement on Risk Management and Internal Control – Guidance for Directors of Listed Issuers and the Code.

BOARD RESPONSIBILITIES

The Board affirms its responsibility for establishing and maintaining a sound system of internal control and risk management practices as well as reviewing the adequacy and integrity of the internal control system. The Board has delegated the above mentioned responsibilities to the Audit Committee. Through the Audit Committee, the Board is kept informed of all significant internal control issues brought to the attention of the Audit Committee by Management, the internal audit function and the external auditor.

KEY FEATURES OF THE GROUP'S INTERNAL CONTROL SYSTEM

1. Control Environment

- **Organisation Structure & Authorisation Procedures**

The Group maintains a formal organisation structure with well-defined delegation of responsibilities and accountability within the Group's Management. It sets out the roles and responsibilities, appropriate authority limits, review and approval procedures in order to enhance the internal control system of the Group's various operations.

- **Periodic Performance Review**

Actual performance of the Group is monitored against plans to identify and to address significant variances during every quarterly meeting.

On quarterly basis, the MD and the CFO provide assurance to the Board on the adequacy of the company's risk management practices and internal controls system.

- **Group Policies and Procedures**

The Group has documented policies and procedures that are regularly reviewed and updated to ensure that these are effective and efficient and continue to support the Group's business activities at all times as the Group continues to grow.

- **Site Visits and Operational Meetings**

Regular factory and site visits by members of the Management team, the internal auditor, the Audit Committee and external consultants are conducted.

2. Risk Management Framework

Risk management is regarded by the Board to be an integral part of managing business operations. The respective Heads of Departments are responsible for managing risks related to their functions on a day-to-day basis. The Board via Audit Committee obtained the assurance on the risk management practices.

Quarterly management meetings are held to ensure that risks faced by the Group are discussed, monitored and appropriately addressed. It is at these meetings that key risks and corresponding controls implemented are communicated amongst the Management team. Significant risks identified are subsequently brought to the attention of the Board at their scheduled meetings.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The abovementioned practices and initiatives by Management serve as the ongoing process used to identify, assess and manage key business, operational and financial risks faced by the Group.

In addition, Management updates the Audit Committee quarterly on the status of implementation of previously identified management action taken to mitigate significant business/operating risks of the Group.

3. Internal Audit Function

The Group's in-house internal audit function is independent from the day-to-day operations of the Group. The duties of the internal auditors are performed with professional care and without prejudice and this provide the Audit Committee and the Board with assurance and independent assessment in respect of the adequacy, efficiency and effectiveness of the system of internal control.

The Internal Auditors report directly to the Audit Committee and the internal audit plans are tabled to the Audit Committee for review and approval to ensure adequate coverage. This is documented in the Audit Committee Report on pages 22 to 25 of this Annual Report.

On a quarterly basis, the Group's internal auditors table the results of their review of the business processes of different operating units to the Audit Committee. The status of the implementation of corrective actions to address control weaknesses are also followed up by the internal auditors to ensure that these actions have been satisfactorily implemented.

4. Information And Communication

Information critical to the achievement of the Group's business objectives are communicated through established reporting lines across the Group. This is to ensure that matters that require the Board and Management's attention are highlighted for review, deliberation and decision on a timely basis.

5. Monitoring and Review

- **Business Planning and Budgeting Review**

The Board plays an active role in discussing and reviewing the business plans, strategies, performance and risks faced by the Group. Long term business plan and annual budget prepared by Management are tabled to the Board for their review and approval at least once a year.

- **Financial and Operational Review**

The quarterly financial statements containing key actual financial results and operational performance results are monitored against budgets/plans to identify and address significant variances at least once in every quarter and these are appropriately presented to the Board for their review, consideration and approval.

- **External Audit Review**

The external auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the Annual Report of the Company for the financial year ended 31 December 2014 and reported to the Board that nothing has come to their attention that causes them to believe that the statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal controls.

CONCLUSION

The Board is of the view that the Group's risk management practices and system of internal control is adequate to safeguard the Group's assets and minimise its losses and liabilities. However, the Board is also cognisant of the fact that the Group's system of internal control and risk management practices must continuously evolve to meet the changing and challenging business environment. Therefore, the Board will continue to put in place appropriate action plans and controls to further enhance the risk management practices and system of internal control.

DIRECTORS' REPORT

OPTIONS GRANTED OVER UNISSUED SHARES

During the financial year, no options were granted by the Company to any person to take up any unissued shares in the Company.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables, and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for impairment losses on receivables.

At the date of this report, the directors are not aware of any circumstances that would require the further writing off of bad debts, or the additional allowance for impairment losses on receivables in the financial statements of the Group and of the Company.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that any current assets other than debts, which were unlikely to be realised in the ordinary course of business, including their values as shown in the accounting records of the Group and of the Company, have been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

The contingent liabilities are disclosed in Note 40 to the financial statements. At the date of this report, there does not exist:-

- (i) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CB INDUSTRIAL PRODUCT HOLDING BERHAD

(Incorporated in Malaysia Company No. 428930-H)

Report on the Financial Statements

We have audited the financial statements of CB Industrial Product Holding Berhad, which comprise the statements of financial position as at 31 December 2014 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 51 to 133.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Financial Reporting Standards and the requirements of Companies Act 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as of 31 December 2014 and of their financial performance and cash flows for the financial year then ended in accordance with Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 1965 in Malaysia, we also report the following:-

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.
- (b) We have considered the financial statements and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 5 to the financial statements.
- (c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (d) The audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CB INDUSTRIAL PRODUCT HOLDING BERHAD

(Incorporated in Malaysia Company No. 428930-H)

Other Reporting Requirements

The supplementary information set out in Note 53 on page 134 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Amendments to FRS 11 : Accounting for Acquisitions of Interests in Joint Operations	1 January 2016
Amendments to FRS 10, FRS 12 and FRS 128 (2011): Investment Entities - Applying the Consolidation Exception	1 January 2016
Amendments to FRS 101: Presentation of Financial Statements - Disclosure Initiative	1 January 2016
Amendments to FRS 116 and FRS 138: Clarification of Acceptable Methods of Depreciation and Amortisation	1 January 2016
Amendments to FRS 119: Defined Benefit Plans - Employee Contributions	1 July 2014
Amendments to FRS 127 (2011): Equity Method in Separate Financial Statements	1 January 2016
Annual Improvements to FRSs 2010 - 2012 Cycle	1 July 2014
Annual Improvements to FRSs 2011 - 2013 Cycle	1 July 2014
Annual Improvements to FRSs 2012 - 2014 Cycle	1 January 2016

The adoption of the above accounting standards and interpretations (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Group upon their initial application.

- 3.3 MASB has issued a new MASB approved accounting framework, the Malaysian Financial Reporting Standards ("MFRSs"), that are to be applied by all entities other than private entities; with the exception of entities that are within the scope of MFRS 141 (Agriculture) and IC Interpretation 15 (Agreements for Construction of Real Estate), including its parent, significant investor and venturer (herein called "transitioning entities").

As announced by MASB on 2 September 2014, the transitioning entities are allowed to defer the adoption of MFRSs to annual periods beginning on or after 1 January 2017.

Accordingly, as a transitioning entity as defined above, the Group has chosen to defer the adoption of MFRSs and will only prepare its first set of MFRS financial statements for the financial year ending 31 December 2017. The Group is currently assessing the possible financial impacts that may arise from the adoption of MFRSs and the process is still ongoing.

4. SIGNIFICANT ACCOUNTING POLICIES

(a) Critical Accounting Estimates And Judgements

Estimates and judgements are continually evaluated by the directors and management and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and judgements that affect the application of the Group's accounting policies and disclosures, and have a significant risk of causing a material adjustment to the carrying amounts of assets, liabilities, income and expenses are discussed below:-

(i) Depreciation of Property, Plant and Equipment

The estimates for the residual values, useful lives and related depreciation charges for the property, plant and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. The Group anticipates that the residual values of its property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

(ii) Amortisation of Plantation Development Expenditure

Plantation development expenditure is amortised on a straight-line basis over the expected useful life of oil palm trees. Significant management judgement is required to determine the expected useful life of oil palm trees, taking into account such factor as soil condition.

(iii) Income Taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax and deferred tax provisions in the year in which such determination is made.

(iv) Impairment of Available-for-sale Financial Assets

The Group reviews its available-for-sale financial assets at the end of each reporting period to assess whether they are impaired. The Group also records impairment loss on available-for-sale equity investments when there has been a significant or prolonged decline in the fair value below their cost. The determination of what is "significant" or "prolonged" requires judgement. In making this judgement, the Group evaluates, among other factors, historical share price movements and the duration and extent to which the fair value of an investment is less than its cost.

(v) Impairment of Non-Financial Assets

When the recoverable amount of an asset is determined based on the estimate of the value-in-use of the cash-generating unit to which the asset is allocated, the management is required to make an estimate of the expected future cash flows from the cash-generating unit and also to apply a suitable discount rate in order to determine the present value of those cash flows.

(vi) Write-down of Inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuation of inventories.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(a) Critical Accounting Estimates And Judgements (Cont'd)

(vii) *Impairment of Trade and Other Receivables*

An impairment loss is recognised when there is objective evidence that a financial asset is impaired. Management specifically reviews its loans and receivables financial assets and analyses historical bad debts, customer concentrations, customer creditworthiness, current economic trends and changes in the customer payment terms when making a judgement to evaluate the adequacy of the allowance for impairment losses. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. If the expectation is different from the estimation, such difference will impact the carrying value of receivables.

(viii) *Classification of Leasehold Land*

The classification of leasehold land as a finance lease or an operating lease requires the use of judgement in determining the extent to which risks and rewards incidental to its ownership lie. Despite the fact that there will be no transfer of ownership by the end of the lease term and that the lease term does not constitute the major part of the indefinite economic life of the land, management considered that the present value of the minimum lease payments approximated to the fair value of the land at the inception of the lease. Accordingly, management judged that the Group has acquired substantially all the risks and rewards incidental to the ownership of the land through a finance lease.

(ix) *Impairment of Goodwill*

Goodwill is tested for impairment annually and at other times when such indicators exist. This requires management to estimate the expected future cash flows of the cash-generating unit to which goodwill is allocated and to apply a suitable discount rate in order to determine the present value of those cash flows. The future cash flows are most sensitive to budgeted gross margins, growth rates estimated and discount rate used. If the expectation is different from the estimation, such difference will impact the carrying value of goodwill.

(x) *Construction Contracts*

Construction contract accounting requires reliable estimation of the costs to complete the contract and reliable estimation of the stage of completion.

(a) *Contract Revenue*

Construction contract accounting requires that variation claims and incentive payments only be recognised as contract revenue to the extent that it is probable that they will be accepted by the customers. As the approval process often takes some time, a judgement is required to be made of its probability and revenue recognised accordingly.

(b) *Contract Costs*

Using experience gained on each particular contract and taking into account the expectations of the time and materials required to complete the contract, management estimates the profitability of the contract on an individual basis at any particular time.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(a) Critical Accounting Estimates And Judgements (Cont'd)

(xi) Fair Value Estimates for Certain Financial Assets and Liabilities

The Group carries certain financial assets and liabilities at fair value, which requires extensive use of accounting estimates and judgement. While significant components of fair value measurement were determined using verifiable objective evidence, the amount of changes in fair value would differ if the Group uses different valuation methodologies. Any changes in fair value of these assets and liabilities would affect profit and/or equity.

(b) Basis of Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to the end of the reporting period.

Subsidiaries are entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intragroup transactions, balances, income and expenses are eliminated on consolidation. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

Non-controlling interests are presented within equity in the consolidated statement of financial position, separately from the equity attributable to owners of the Company. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

At the end of each reporting period, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity of the Group.

Upon the loss of control of a subsidiary, the Group recognises any gain or loss on disposal in profit or loss which is calculated as the difference between:-

- (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest in the former subsidiary; and
- (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the former subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the former subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of (i.e. reclassified to profit or loss or transferred directly to retained profits). The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 139 or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Basis of Consolidation (Cont'd)

Business combinations from 1 January 2011 onwards

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method, the consideration transferred for acquisition of a subsidiary is the fair value of the assets transferred, liabilities incurred and the equity interests issued by the Group at the acquisition date. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss when incurred.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Non-controlling interests in the acquiree may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets at the date of acquisition. The choice of measurement basis is made on a transaction-by-transaction basis.

Business combinations before 1 January 2011

All subsidiaries are consolidated using the purchase method. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the consolidated financial statements. The cost of acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree, plus any costs directly attributable to the business combination.

Non-controlling interests are initially measured at their share of the fair values of the identifiable assets and liabilities of the acquiree as at the date of acquisition.

(c) Goodwill

Goodwill is measured at cost less accumulated impairment losses, if any. The carrying value of goodwill is reviewed for impairment annually or more frequently if events or changes in circumstances indicate that the carrying amount may be impaired. The impairment value of goodwill is recognised immediately in profit or loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Business combinations from 1 January 2011 onwards

Under the acquisition method, any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interests recognised and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities at the date of acquisition is recorded as goodwill.

Where the latter amount exceeds the former, after reassessment, the excess represents a bargain purchase gain and is recognised as a gain in profit or loss.

Business combinations before 1 January 2011

Under the purchase method, goodwill represents the excess of the fair value of the purchase consideration over the Group's share of the fair values of the identifiable assets, liabilities and contingent liabilities of the subsidiaries at the date of acquisition.

If, after reassessment, the Group's interest in the fair values of the identifiable net assets of the subsidiaries exceeds the cost of the business combinations, the excess is recognised as income immediately in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) Functional and Foreign Currencies

(i) *Functional and Presentation Currency*

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

(ii) *Transactions and Balances*

Transactions in foreign currencies are converted into the respective functional currencies on initial recognition, using the exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

(iii) *Foreign Operations*

Assets and liabilities of foreign operations are translated to RM at the rates of exchange ruling at the end of the reporting period. Revenues and expenses of foreign operations are translated at exchange rates ruling at the dates of the transactions. All exchange differences arising from translation are taken directly to other comprehensive income and accumulated in equity under the translation reserve. On the disposal of a foreign operation, the cumulative amount recognised in other comprehensive income relating to that particular foreign operation is reclassified from equity to profit or loss.

Goodwill and fair value adjustments arising from the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and are recorded in the functional currency of the foreign operations and translated at the closing rate at the end of the reporting period.

(e) Financial Instruments

Financial instruments are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

A financial instrument is recognised initially at its fair value. Transaction costs that are directly attributable to the acquisition or issue of the financial instrument (other than a financial instrument at fair value through profit or loss) are added to/deducted from the fair value on initial recognition, as appropriate. Transaction costs on the financial instrument at fair value through profit or loss are recognised immediately in profit or loss.

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(e) Financial Instruments (Cont'd)

(i) Financial Assets

On initial recognition, financial assets are classified as either financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables financial assets, or available-for-sale financial assets, as appropriate.

- *Financial Assets at Fair Value Through Profit or Loss*

Financial assets are classified as financial assets at fair value through profit or loss when the financial asset is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. Dividend income from this category of financial assets is recognised in profit or loss when the Company's right to receive payment is established.

Financial assets at fair value through profit or loss could be presented as current or non-current. Financial assets that are held primarily for trading purposes are presented as current whereas financial assets that are not held primarily for trading purposes are presented as current or non-current based on the settlement date.

- *Held-to-maturity Investments*

As at the end of the reporting period, there were no financial assets classified under this category.

- *Loans and Receivables Financial Assets*

Trade receivables and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables financial assets. Loans and receivables financial assets are measured at amortised cost using the effective interest method, less any impairment loss. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

Loans and receivables financial assets are classified as current assets, except for those having settlement dates later than 12 months after the reporting date which are classified as non-current assets.

- *Available-for-sale Financial Assets*

Available-for-sale financial assets are non-derivative financial assets that are designated in this category or are not classified in any of the other categories.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(e) Financial Instruments (Cont'd)

(i) Financial Assets (Cont'd)

• Available-for-sale Financial Assets (Cont'd)

After initial recognition, available-for-sale financial assets are remeasured to their fair values at the end of each reporting period. Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the fair value reserve, with the exception of impairment losses. On derecognition, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity into profit or loss.

Dividends on available-for-sale equity instruments are recognised in profit or loss when the Group's right to receive payments is established.

Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less accumulated impairment losses, if any.

Available-for-sale financial assets are classified as non-current assets unless they are expected to be realised within 12 months after the reporting date.

(ii) Financial Liabilities

All financial liabilities are initially measured at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

Financial liabilities are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

(iii) Equity Instruments

Instruments classified as equity are measured at cost and are not remeasured subsequently.

(i) Ordinary Shares

Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from proceeds.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(e) Financial Instruments (Cont'd)

(iii) *Equity Instruments (Cont'd)*

(ii) *Treasury Shares*

When the Company's own shares recognised as equity are bought back, the amount of the consideration paid, including all costs directly attributable, are recognised as a deduction from equity. Own shares purchased that are not subsequently cancelled are classified as treasury shares and are presented as a deduction from total equity. Where such shares are subsequently sold or reissued, any consideration received, net of any direct costs, is included in equity.

Where such shares are subsequently sold or reissued, any consideration received, net of any direct costs, is included in equity.

(iv) *Derecognition*

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(f) Investments

(i) *Subsidiaries*

Investments in subsidiaries are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable. The cost of the investments includes transaction costs.

On the disposal of the investments in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

(ii) *Associates*

Associates are entities in which the Group and the Company have a long-term equity interest and where they exercise significant influence over the financial and operating policies.

Investments in associates are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Investments (Cont'd)

(ii) Associates (Cont'd)

The investment in an associate is accounted for in the consolidated statement of financial position using the equity method, based on the financial statements of the associate made up to the end of the reporting period. The Group's share of the post-acquisition profits and other comprehensive income of the associate is included in the consolidated statement of profit or loss and other comprehensive income, after adjustment if any, to align the accounting policies with those of the Group, from the date that significant influence commences up to the effective date on which significant influence ceases or when the investment is classified as held for sale. The Group's interest in the associate is carried in the consolidated statement of financial position at cost plus the Group's share of the post-acquisition retained profits and reserves. The cost of investment includes transaction costs.

When the Group's share of losses exceeds its interest in an associate, the carrying amount of the interest is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation.

Unrealised gains on transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate. Unrealised losses are eliminated unless cost cannot be recovered.

When the Group ceases to have significant influence over an associate and the retained interest in the former associate is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as the initial carrying amount of the financial asset in accordance with FRS 139. Furthermore, the Group also reclassifies its share of the gain or loss previously recognised in other comprehensive income of that associate to profit or loss when the equity method is discontinued. However, the Group will continue to use the equity method if the dilution does not result in a loss of significant influence or when an investment in a joint venture becomes an investment in an associate. Under such changes in ownership interest, the retained investment is not remeasured to fair value but a proportionate share of the amounts previously recognised in other comprehensive income of the associate will be reclassified to profit or loss where appropriate. All dilution gains or losses arising in investments in associates are recognised in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Investments (Cont'd)

(iii) *Joint Arrangements*

Joint arrangements are arrangements of which the Group has joint control, established by contracts requiring unanimous consent for decisions about the activities that significantly affect the arrangements returns.

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations of each investor. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures.

A joint venture is a joint arrangement whereby the Group has rights only to the net assets of the arrangement. The investment in a joint venture is accounted for in the consolidated statement of financial position using the equity method, based on the financial statements of the joint venture made up to the end of the reporting period. The Group's share of the post acquisition profits and other comprehensive income of the joint venture is included in the consolidated statement of profit or loss and other comprehensive income, after adjustment if any, to align the accounting policies with those of the Group, up to the effective date when the investment ceases to be a joint venture or when the investment is classified as held for sale. The Group's interest in the joint venture is carried in the consolidated statement of financial position at cost plus the Group's share of the post-acquisition retained profits and reserves. The cost of investment includes transaction costs.

When the Group's share of losses exceeds its interest in a joint venture, the carrying amount of that interest is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation.

Unrealised gains on transactions between the Group and the joint venture are eliminated to the extent of the Group's interest in the joint venture. Unrealised losses are eliminated unless cost cannot be recovered.

When the Group retains an interest in the former joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as the initial carrying amount of the financial asset in accordance with FRS 139. Furthermore, the Group also reclassifies its share of the gain or loss previously recognised in other comprehensive income of that joint venture to profit or loss when the equity method is discontinued. However, the Group will continue to use the equity method when an investment in a joint venture becomes an investment in an associate. Under such change in ownership interest, the retained investment is not remeasured to fair value but a proportionate share of the amounts previously recognised in other comprehensive income of the joint venture will be reclassified to profit or loss where appropriate. All dilution gains or losses arising in investments in joint ventures are recognised in profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(g) Property, Plant and Equipment

Property, plant and equipment, other than freehold land, are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land is stated at cost less impairment losses, if any, and is not depreciated.

Depreciation is charged to profit or loss (unless it is included in the carrying amount of another asset) on the straight-line method to write off the depreciable amount of the assets over their estimated useful lives. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purpose are:-

Long leasehold land	over the lease periods of 81 to 99 years
Buildings	1% - 5%
Factory equipment and machinery	10% - 20%
Furniture, fittings and office equipment	10% - 20%
Motor vehicles	10% - 20%
Renovation	10% - 20%

The depreciation method, useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period to ensure that the amounts, method and periods of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of the property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of parts that are replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred. Cost also comprises the initial estimate of dismantling and removing the asset and restoring the site on which it is located for which the Group is obligated to incur when the asset is acquired, if applicable.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset is recognised in profit or loss.

Capital work-in-progress is stated at cost, and will be transferred to the relevant category of long term assets and depreciated accordingly when the assets are completed and ready for commercial use.

Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use and no further charge for depreciation is made in respect of these property, plant and equipment.

(h) Plantation Development Expenditure

Plantation development expenditure comprises cost of land use rights held for plantation development activities, infrastructure cost such as roads, and bridges attached on the plantation estate, cost of planting and development of oil palm.

Plantation development expenditure is stated at cost less accumulated amortisation and impairment losses, if any.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(h) Plantation Development Expenditure (Cont'd)

Cost of preparation of agriculture land, planting, replanting and upkeep of trees, together with a portion of indirect overheads including general and administrative expenses, are capitalised as immature plantations and transferred to mature plantations account when the trees have matured and meet the criteria for commercial production. Mature plantations are amortised over the estimated productive life of the trees which yield was determined by vegetative growth and management estimation.

Amortisation is calculated on the straight-line method to write off the cost over their estimated useful lives. Amortisation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully amortised. The principal annual rates of amortisation are:-

Estate access road	5%
Land use rights	the unexpired term of the leases

The amortisation method and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period to ensure that the amounts, method and periods of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of plantation development expenditure.

An item of plantation development expenditure is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

(i) Product Development Expenditure

Research expenditure is recognised as an expense when it is incurred.

Development expenditure is recognised as an expense except that costs incurred on development projects are capitalised as non-current assets to the extent that such expenditure is expected to generate future economic benefits.

Development expenditure is capitalised if, and only if an entity can demonstrate all of the following:-

- (i) its ability to measure reliably the expenditure attributable to the asset under development;
- (ii) the product or process is technically and commercially feasible;
- (iii) its future economic benefits are probable;
- (iv) its intention to complete and ability to use or sell the developed assets; and
- (v) the availability of adequate technical, financial and other resources to complete the asset under development.

Capitalised product development expenditure is measured at cost less accumulated amortisation and impairment losses, if any. Product development expenditure initially recognised as an expense is not recognised as assets in the subsequent periods.

The product development expenditure is amortised on a straight-line method over a period of 3 years when the products are ready for sales or use. In the event that the expected future economic benefits are no longer probable of being recovered, the product development expenditure is written down to its recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(j) Borrowing Costs

Borrowing costs incurred to finance plantation development expenditure that require a substantial period of time to be ready for their commercial harvesting are capitalised. Capitalisation of borrowing costs will cease when the crops are ready for commercial harvesting.

Borrowing costs, directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of those assets, until such time as the assets are ready for their intended use or sale. Capitalisation of borrowing costs is suspended during extended periods in which active development is interrupted.

All other borrowing costs are recognised in profit or loss as expenses in the period in which they incurred.

(k) Impairment of Assets

(i) *Impairment of Financial Assets*

All financial assets (other than those categorised at fair value through profit or loss), are assessed at the end of each reporting period whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. For an equity instrument, a significant or prolonged decline in the fair value below its cost is considered to be objective evidence of impairment.

An impairment loss in respect of held-to-maturity investments and loans and receivables financial assets is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

An impairment loss in respect of available-for-sale financial assets is recognised in profit or loss and is measured as the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the fair value reserve. In addition, the cumulative loss recognised in other comprehensive income and accumulated in equity under fair value reserve, is reclassified from equity to profit or loss.

With the exception of available-for-sale equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the financial asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. In respect of available-for-sale equity instruments, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss made is recognised in other comprehensive income.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(k) Impairment of Assets (Cont'd)

(ii) *Impairment of Non-Financial Assets*

The carrying values of assets, other than those to which FRS 136 - Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount of the assets is the higher of the assets' fair value less costs to sell and their value-in-use, which is measured by reference to discounted future cash flow.

An impairment loss is recognised in profit or loss.

When there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately.

(l) Assets under Hire Purchase

Assets acquired under hire purchase are capitalised in the financial statements at the lower of the fair value of the leased assets and the present value of the minimum lease payments and, are depreciated in accordance with the policy set out in Note 4(g) above. Each hire purchase payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. Finance charges are recognised in profit or loss over the period of the respective hire purchase agreements.

(m) Inventories

Raw materials, work-in-progress and finished goods are measured at the lower of cost and net realisable value with first-in, first-out and weighted average cost being the base of costing method. Consumables are valued at cost using the first-in, first-out method. Costs of raw materials include the actual cost of materials and incidental costs in bringing these to their present condition and location. In the case of finished goods, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realisable value represents the estimated selling price less the estimated costs of completion and the estimated costs necessary to make the sale.

(n) Amount Due From/To Contract Customers

The amount due from/to contract customers is stated at cost plus profit attributable to contracts in progress less progress billings and provision for foreseeable losses, if any. Cost includes direct materials, labour and applicable overheads.

(o) Purchase of Own Shares

When the share capital recognised as equity is bought by the Company under the share buy-back programme, the amount of the consideration paid, including directly attributable costs, is recognised as a deduction from equity. Shares bought that are not subsequently cancelled are classified as treasury shares in the statement of changes in equity and presented as a deduction from the total equity.

Where such shares are subsequently sold or reissued, any consideration received, net of any direct costs, is included in shareholders' equity.

NOTES TO THE FINANCIAL STATEMENTS

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(p) Income Taxes

Income taxes for the financial year comprise current and deferred tax.

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the reporting period and is measured using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences other than those that arise from goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transactions either in other comprehensive income or directly in equity and deferred tax arising from a business combination is included in the resulting goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs.

(q) Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

(r) Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, bank overdrafts and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(s) Employee Benefits

(i) Short-term Benefits

Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are measured on an undiscounted basis and are recognised in profit or loss and included in the development costs, where appropriate, in the period in which the associated services are rendered by employees of the Group.

(ii) Defined Contribution Plans

The Group's contributions to defined contribution plans are recognised in profit or loss and included in the development costs, where appropriate, in the period to which they relate. Once the contributions have been paid, the Group has no further liability in respect of the defined contribution plans.

(t) Related Parties

A party is related to an entity (referred to as the "reporting entity") if:-

- (a) A person or a close member of that person's family is related to a reporting entity if that person:-
 - (i) has control or joint control over the reporting entity;
 - (ii) has significant influence over the reporting entity; or
 - (iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.
- (b) An entity is related to a reporting entity if any of the following conditions applies:-
 - (i) The entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a) above.
 - (vii) A person identified in (a)(i) above has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that individual in their dealings with the entity.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(u) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

(v) Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market's participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:-

- Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;
- Level 2: Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3: Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

(w) Revenue and Other Income Recognition

(i) Revenue from Contract Income

Revenue on contracts is recognised on the percentage of completion method unless the outcome of the contract cannot be reliably determined, in which case the revenue on contracts will only be recognised to the extent of contract costs incurred that are recoverable. Foreseeable losses, if any, are provided for in full as and when it can be reasonably ascertained that the contract will result in a loss.

The stage of completion is determined based on the proportion that the contract costs incurred for work performed to date bear to the estimated total contract costs.

(ii) Sale of Goods

Revenue is measured at fair value of the consideration received or receivable and is recognised upon the delivery of goods and customers' acceptance and where applicable, net of returns and trade discounts.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2014

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(w) Revenue and Other Income Recognition (Cont'd)

(iii) Dividend Income

Dividend income from investment in subsidiaries is recognised upon declaration by the subsidiaries. Dividend income from other investments is recognised when the right to receive the dividend is established.

(iv) Other Income

Interest income is recognised on an accrual basis, based on the effective yield on the investment.

Fee, rental and commission income are recognised on an accrual basis.

(x) Non-Current Assets Held For Sale

Non-current assets (or disposal group comprising assets and liabilities) that are expected to be recovered primarily through sale rather than through continuing use are classified as held for sale. Immediately before classification as held for sale, the non-current assets (or the disposal group) are remeasured in accordance with the Group's accounting policies. Upon classification as held for sale, the non-current assets (the disposal group) are not depreciated and are measured at the lower of their previous carrying amount and fair value less cost to sell. Any differences are recognised in profit or loss.

Included in the investments in associates is an amount of approximately RM52.576 million (2013 - RM52.576 million) which represents goodwill arising from the investments in associates. This amount is reviewed for impairment annually.

During the financial year, the Group assessed the recoverable amount of goodwill included in the investments in associates, and determined that goodwill is not impaired.

Impairment testing

For the purpose of impairment testing, goodwill is allocated to the Group's cash-generating unit identified according to business segment. The recoverable amount of a cash-generating unit ("CGU") is determined based on value-in-use calculations using cash flow projections based on financial budgets approved by management covering a period of five years. The key assumptions used for value-in-use calculations are:-

Key assumptions:-

- (i) **Budgeted gross margin**
The basis used to determine the value assigned to the budgeted gross margin is the average gross margins achieved in the year immediately before the budgeted year increased for expected efficiency improvements and cost saving measures.
- (ii) **Growth rate**
The growth rate used is based on the expected projection of the fresh fruit bunches and the yield on plantation.
- (iii) **Discount rate**
The discount rate used is pre-tax and reflect specific risks relating to the relevant segments.

The carrying amounts of goodwill allocated to each cash-generating unit are as follows:-

Manufacturing segment	1,076	1,076
Plantation segment	15,265	15,265

Impairment testing

Goodwill is tested for impairment on an annual basis by comparing the carrying amount within the recoverable amount of the cash generating unit ("CGU"). The recoverable amount of a CGU is determined based on value-in-use calculation using cash flow projections from the financial budgets and forecast approved by the management covering a period of twenty five years.

Key assumptions used in the value-in-used calculations are:-

- (i) the pre-tax discount rate used is 12.9%;
- (ii) the growth rate used for CGU which is involved in the cultivation of oil palm plantation is determined based on the management's estimate of commodity prices, palm yields, as well as the cost of productions whilst growth rates of companies in other segments are determined based on the industry trends and past performances of the respective companies; and
- (iii) profit margins are projected based on historical profit margin achieved.

In assessing the value-in-use, the management is of the view that no foreseeable changes in any of the above key assumptions would cause the carrying amounts of the respective CGUs to materially exceed their recoverable amounts.

Warrants

The Company had on 12 November 2014, issued 88,409,815 warrants to all entitled shareholders of the Company on the basis of 1 free warrant for every 3 existing ordinary shares of RM0.50 each held in the Company. The warrants were listed on the Main Market of Bursa Malaysia Securities Berhad. The warrants are constituted under a Deed Poll executed on 17 October 2014, and each warrant entitles the registered holder the right at any time during the exercise period from 12 November 2014 to 11 November 2019 to subscribe in cash for one new ordinary share of RM0.50 each of the Company at an exercise price of RM2.40 each.

As at the end of the reporting period, 87,399,382 warrants remained unexercised.

The ordinary shares issued from the exercise of warrants shall rank pari passu in all respects with the existing issued ordinary shares of the Company except that they shall not be entitled to any dividends, distributions, rights, allotments and/or any other forms of distribution where the entitlement date precedes the relevant date of the allotment and issuance of the new shares arising from the exercise of warrants.

The main features of the warrants are as follows:-

- (i) Each warrant will entitle the registered holder to subscribe for one (1) new ordinary share of par value of RM0.50 each in the Company at an exercise price of RM2.40 each subject to adjustment in accordance with the conditions stipulated in the Deed Poll;
- (ii) The warrants may be exercised at any time on or before the maturity date falling five years from the date of issue of the warrants on 12 November 2014. Warrants not exercised after the exercise period will thereafter lapse and cease to be valid;
- (iii) The new shares to be issued pursuant to the exercise of the warrants shall, upon allotment and issue, rank pari passu in all respects with the existing ordinary shares of the Company in issue except that they will not be entitled to any dividends, rights, allotments and/or any other forms of distributions, the entitlement date of which is before the allotment and issuance of the new shares; and
- (iv) The persons to whom the warrants have been granted are not entitled to any voting rights or to participate in any distribution and/or offer of further securities in the Company until/and unless warrant holders exercise their warrant for new shares.

51. FINANCIAL INSTRUMENTS

The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's business whilst managing its market risks (including foreign currency risk, interest rate risk and equity price risk), credit risk and liquidity risk.

(a) Financial Risk Management Policies

The Group's policies in respect of the major areas of treasury activity are as follows:-

(i) Market Risks

(i) Foreign Currency Risk

The Group is exposed to foreign currency risk on transactions and balances that are denominated in currencies other than Ringgit Malaysia. The currencies giving rise to this risk are primarily Euro, Indonesian Rupiah, Kina, Pound Sterling, Swiss Franc and United States Dollar. Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is at an acceptable level.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from its interest-bearing borrowings. The Group's policy is to obtain the most favourable interest rate available. Any surplus funds of the Group will be placed with licensed financial institutions to generate interest income.

Information relating to the Group's exposure to the interest rate risk of the financial liabilities is disclosed in Note 51(a)(iii) to the financial statements.

Interest rate risk sensitivity analysis

The analysis is not presented as the sensitivity impact is immaterial.

(iii) Equity Price Risk

The Group's principal exposure to equity price risk arises mainly from changes in quoted investment prices. The exposure to equity price risk of the Group is not material and hence, sensitivity analysis is not presented.

NOTES TO THE FINANCIAL STATEMENTS

51. FINANCIAL INSTRUMENTS (CONT'D)

(a) Financial Risk Management Policies (Cont'd)

(ii) Credit Risk

The Group's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of the trade and other receivables as appropriate. The main components of this allowance are a specific loss component that relates to individually significant exposures, and a collective loss component established for groups of similar assets in respect of losses that have been incurred but not yet identified. Impairment is estimated by management based on prior experience and the current economic environment.

Credit risk concentration profile

The Group does not have any major concentration of credit risk related to any individual customer or counterparty.

Exposure to credit risk

As the Group does not hold any collateral, the maximum exposure to credit risk is represented by the carrying amount of the financial assets as at the end of the reporting period.

The exposure of credit risk for trade receivables by geographical region is as follows:-

	THE GROUP	
	2014 RM'000	2013 RM'000
Africa	9,447	852
Central America	4,999	2,013

Ageing analysis

The ageing analysis of the Group's trade receivables (including amount owing by related parties) at the end of the reporting period is as follows:-

	Gross amount RM'000	Individual impairment RM'000	Net carrying amount RM'000
2014			
Not past due	42,553	-	42,553
Past due:			
- less than 3 months	18,320	(8)	18,312
- 3 to 6 months	15,274	(261)	15,013
- over 6 months	31,674	(27,840)	3,834
	<u>107,821</u>	<u>(28,109)</u>	<u>79,712</u>

	<u>141,743</u>	<u>(15,718)</u>	<u>126,025</u>

At the end of the reporting period, trade receivables that are individually impaired were those in significant financial difficulties and have defaulted on payments. Trade receivables are not secured by any collateral or credit enhancement.

Trade receivables that are past due but not impaired

The Group believes that no impairment allowance is necessary in respect of these trade receivables. They are substantially companies with good collection track record and no recent history of default.

Trade receivables that are neither past due nor impaired

A significant portion of trade receivables that are neither past due nor impaired are regular customers that have been transacting with the Group. The Group uses ageing analysis to monitor the credit quality of the trade receivables.

(iii) Liquidity Risk

The Group manages its liquidity risk by maintaining sufficient cash and the availability of funding through adequate committed credit facilities to meet estimated commitments arising from operational expenditure and financial liabilities. The Group also has effective cash management to ensure that the Group can pay dividends to its shareholders at an appropriate time.

The following table sets out the maturity profile of the financial liabilities as at the end of the reporting period based on contractual undiscounted cash flows (including interest payment computed based on the rate at the end of the reporting period):-

(b) Capital Risk Management

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support their businesses and maximise shareholders' value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to its shareholder or issuing new shares.

The Group manages its capital based on debt-to-equity ratio. The Group's strategies were unchanged from the previous financial year. The debt-to-equity ratio is calculated as total borrowings from financial institutions divided by total equity.

There was no change in the Group's approach to capital management during the financial year.

The debt-to-equity ratio of the Group at the end of the reporting period is not presented as its cash and cash equivalents exceeded the total debts.

Under the requirement of Bursa Malaysia Practice Note No. 17/2005, the Company is required to maintain a consolidated shareholders' equity (total equity attributable to owners of the Company) equal to or not less than the 25% of the issued and paid-up share capital (excluding treasury shares) and such shareholders' equity is not less than RM40 million. The Company has complied with this requirement.
